Rolling In The Deep - Adele

Tempo: NA

Strumming Pattern: (See below)

Verses: DD, DUDU
Chorus ("we could have had it...“): DDD, DU

CAPO 3

Am                  E
There's a fire starting in my heart,
G                                E                    G
Reaching a fever pitch and it's bringing me out the dark
Am              E
Finally, I can see you crystal clear.
G                             E                  G
Go ahead and sell me out and I'll lay your ship bare.
Am E
See how I leave, with every piece of you
G                         E                G
Don't underestimate the things that I will do.
Am
There's a fire starting in my heart,
G                             E                    G
Reaching a fever pitch and it's bringing me out the dark

F             G                   Em
The scars of your love, remind me of us.
F
They keep me thinking that we almost had it all
(F)           G                       Em
The scars of your love, they leave me breathless
E
I can't help feeling...

(E)                  Am   G                 F   G
We could have had it all...............rolling in the deep
Am              G
You had my heart...............inside of your hand...
F G
And you played it...to the beat

(play Am to get back in to the verse)

Am                  E
Baby I have no story to be told,
G                             E                    G
But I've heard one of you and I'm gonna make your head burn.
Am E
Think of me in the depths of your despair.
G                             E                    G
Making a home down there, as mine sure won't be shared.

F              G                   Em
The scars of your love, remind me of us.
F
They keep me thinking that we almost had it all
(F)           G                       Em
The scars of your love, they leave me breathless
E
I can't help feeling...
We could have had it all...........rolling in the deep
You had my heart..........inside of your hand...
And you played it...to the beat
We could have had it all...........rolling in the deep
You had my heart..........inside of your hand...
And you played it...to the beat
